## AND SEQUAH

WHEREAS, Mr. L. BEICKE of 54 Merchant Street, and well-known in Honolulu, did complain, before a large audience on Monday night last in the old Armory, on the corner of Beretania and Punchbowl Streets, that Rheumatism had been torturing him for the past 30 years, Mr. Beicke stated that he had tried everything he knew of to obtain relief but all ended in failure, SEQUAH upon being applied to, immediately suggested that the Rheumatism had been in possession quite long enough, and proceeded to give it notice to quit by applying the SEQUAH OIL to the parts afflicted and in the presence of a number of gentlemen from the audience relieved the sufferer from his torture; and, WHEREAS, the said Mr. Beicke, previous to the treatment, could not walk without the aid of a stout stick, is now to be seen about town as lively as a kitten, feeling as pleased as a dog with two tails. Others besides the above have received the same wonderful relief—and SEQUAH's fame is spreading far and near.

Cripples with Rheumatism are now pouring into the old Armory every evening, where SEQUAH lectures at 7:30. All invited. Seats provided. National Band in attendance. Admission free.

SEQUAH attends at the old Armory each day at 3 o'clock for sale of his Remedies and to receive persons who wish to undergo his treatment.

## Pure Milk.

The business of the country is settling into its former groove. Our gentlemanly driver has returned from his vacation, the cows in the pasture switch flies instead of bullets with their tails and the cream is richer in consequence. We believe we have satisfied every one of our customers who have taken milk from us and we are in a position to supply a great many more. The people who from choice or necessity visited Waialae during the past two weeks have had an opportunity to see just what sort of diet our stock feeds upon, and no longer wonder at the richness of the milk from our dairy. Our facilities for delivery are the best. With the exception of a day or two early in the late unpleasantness our drivers have always been on time at our customers' residences. We take this opportunity to thank those who have been patient with us and to solicit a continuance of their patronage. We will be pleased to fill all orders telephoned to us and guarantee all milk to be pure and free from adulteration.

## People Who Write

on typewriters marvel that busy business men still cling to the pen process. The business man using a typewriter would not voluntarily return to the old method, because he can turn off more work, of a better quality, and with less effort on his machine.

### The Man Who Never Used a Typewriter

believes the task of learning to write a difficult and hopeless one. Try. Others have learned; you can. Your first attempt will probably reveal the fact that you do faster work with the pen. That's quite natural; you are just learning. Your next trial will surprise you. Your fingers go to the right keys instinctively. It becomes easier and you will then begin to realize the usefulness and benefit of a typewriter.

### CHOICE OF A TYPEWRITER

will either make or mar your writing happiness. For the business man desiring a machine, that combines speed, durability, does perfect work, and lastly, has the easiest keyboard to learn, buy the

### THE ELEU'S TRIP.

Where She Went and What She Did While She Was Gone.

The tug Eleu left port on Saturday, port surveyor Sanders and a posse of Custom House officers on board. It was hinted at the time that the object of the expedition was to intercept a schooner which was supposed to be hovering about Molokai with a big cargo of opium on board. The opium was to be transferred to the yacht Spray anchored there. The port surveyor boarded the yacht and searched her. Nothing contraband was found. This was between three and four o'clock Sunday afternoon. The port surveyor went ashore and consulted Sheriff Hitchcock of Molokai. It was the intention of the port surveyor to tow the yacht Spray to Honolulu, but the Sheriff advised him not to do so. The port surveyor returned on board, and the Eleu after cruising about returned to port early Monday morning. It will be remembered the officers reported that they had not seen anything of the Spray.

About one o'clock this morning the yacht Spray sailed in the harbor with four persons on board. She came alongside the new wharf at the foot of Nuuanu street. Two of the persons on the yacht were the owner, a man named Paddy and Hiel Kapu. The Spray left Molokai at 8 o'clock yesterday morning and was becalmed at the Kalaekala channel. These men state that she had only been out on a cruise.

### The Water Famine.

The superintendent of the government water works continues to publish notices to the effect that the hours of irrigation in Honolulu are from 7 to 8 in the evening. The writer can testify to the fact that this notice is being entirely ignored, and if necessary will be pleased to furnish the names of three parties, whose premises adjoin each other and are not distant over a thousand miles from the Government Nursery, who are regularly using water at all hours of the day and night.
